

DENIS OMINGO

Web Developer

Profile

Experienced and results-driven Web Developer with a passion for creating seamless and visually appealing digital experiences. Specializing in WordPress development, React.js, HTML, CSS, and Bootstrap, I bring a dynamic skill set honed through years of hands-on experience. Adept at translating client visions into reality, my proficiency in front-end technologies and WordPress customization ensures the delivery of responsive, high-performance websites that exceed expectations. Committed to staying abreast of industry trends and continuously enhancing my development toolkit, I am poised to contribute innovative solutions to elevate web projects to new heights.

Professional Experience

Web Developer | Webtech web Solutions | [August 2022 to July 2023]

Key responsibilities:

- Collaborated with cross-functional teams to design and develop responsive and visually appealing websites for clients across various industries.
- Conducted regular testing and debugging to identify and resolve issues, ensuring high-quality deliverables. - Collaborated with UX/UI designers to optimize website usability and accessibility.
- Led the development and customization of WordPress themes to meet client specifications.
- Implemented and maintained WordPress plugins for enhanced website functionality.
- Conducted regular updates and ensured compatibility with the latest WordPress versions.
- Utilized version control systems, such as Git, to manage and track changes in codebase.
- Collaborated with team members using Git for efficient and organized code development.
- Created pixel-perfect, responsive web pages using HTML, CSS, and Bootstrap.
- Developed and implemented interactive user interfaces using JavaScript and React.
- Ensured cross-browser compatibility and optimized site performance for a seamless user experience.
- Stayed abreast of industry trends and emerging technologies, integrating new tools and techniques into projects for continuous improvement.

Hard Skill

- Wordpress
 - Theme Customization
 - Updates and Maintenance
 - Responsive Design
 - Back-up and Restoration
 - SEO Optimization
 - Responsive Design
 - Ecommerce Integration
 - Performance Optimization
 - Elementor
- Frontend Development
 - React
 - HTML
 - Bootstrap 5
 - CSS
- Git Version Control
- Digital Marketing
- Graphic Design

Soft Skill

- Problem Solving
- Communication
- Collaboration

Education Background

- Multimedia University of Kenya
BSc. Mathematics and Computer Science
Completed in 2022
- Hubspot Academy
Certificate of Digital Marketing
Completed in 2022

Web Developer Mentee| Eleli Africa| [September, 2023 to Date]

Throughout the mentorship, I have achieved:

- **React:** Developed a solid understanding of React.js and its application in building interactive and responsive user interfaces. Implemented state management, component lifecycle, and routing within React applications.
- **Bootstrap and CSS:** Mastered the art of creating visually appealing and mobile-friendly web pages using Bootstrap for rapid development. Gained expertise in styling with CSS to enhance the user experience.
- **JavaScript:** Strengthened my proficiency in JavaScript, employing it to create dynamic and interactive features for web applications. Implemented asynchronous programming, DOM manipulation, and optimized code for performance.
- **Problem-Solving and Debugging:** Developed effective problem-solving skills and debugging techniques to troubleshoot and optimize code for seamless functionality.
- **Node.js:** Expanded my knowledge into server-side development using Node.js, building robust backends and RESTful APIs. Learned to work with npm packages, handle middleware, and implement server-side rendering.
- **Version Control (Git):** Embraced Git for version control, demonstrating the ability to collaborate effectively with other developers, manage code repositories, and implement branching strategies.
- **Project Management:** Successfully participated in real-world projects, managing tasks, collaborating with team members, and meeting project milestones within specified timelines.
